Dear Mrs Lourens

Many thanks for your facsimile of 14 July 1999.

I have conveyed some of the information which you supplied to my associates in Israel in the hope of generating an interest in Demindex.

You indicated in your communication that you have various assets under development in Mozambique and thus may be interested in a loan of 250 million USD. I do have some of the information on the loans but am still attempting to establish whether the loans are directed at governments or private individuals. It is my belief they are aimed at governments but it might be that they projects with which you are involved are in fact government projects and so I attach basic information for your consideration. The additional information sent to me today is that the loans can be for any country. However, if the information supplied is of interest perhaps we could start with Mozambique.

What appears to be required is details of the projects with which you are involved and the value of each project. You do not need to apply for a separate loan for each project the various projects can be massed together under one loan.

Demindex Resources Corporation

Dear Sir

1. Kindly note listing is completed. Attached please find copy of letter from Mr D Fraser, Attorney in Vancouver, confirming early review - we are now paying our fees on the Stock Exchange for Demindex Resources Corporation.
2. The same Attorney is attending to the Liberty Star Satellite listing on Nasdaq which preliminary was structured as per the attached letter. Kindly ignore this for today as it has been re-structured yesterday for 10 million US (ten million US dollars) for 30% of the issued shares. Feasibility is hereto attached. Capex is only 250 million US (two hundred and fifty million Dollars) on Nasdaq.
3. The aviation licences for the following routes were granted for Demindex African Star Airways:

7 flights per week

JNB/LND and JNB/MUC

4. We require 150 million US (one hundred and fifty million US dollars) for this project. Attached find extractions of the feasibility which is enormous and lying on my desk. This is open for all kinds of joint ventures, partnerships, etc etc.
